

UPPSALA UNIVERSITY BIOINFORMATICS CAREER FAIR

We are happy to invite you to the bioinformatics career fair with soon to be graduates from the Uppsala University master's program in Bioinformatics and bioinformatic-track students of the biotechnology program.

The goal is to connect employers with graduates to further science-to-industry connections and to inform the students about non-academic opportunities in life- and data-science. You can expect an ambitious group skilled in data analysis and statistics, with a strong biological background.

The event will take place at Uppsala University, EBC on the **23rd of April** between 15.00 and 17.00. During the event, you will be offered complimentary coffee and fika. Please confirm your attendance by the **13th of April** by sending an email to msc.bioinformatics.uu@gmail.com.

We hope to see you at the fair!

Best regards,
The MSc bioinformatics career team
